Seville, a gorgeous beamer theme

That was the title and this is the subtitle

Conference Presentation 2022

Seville looks

Seville is a beamer theme inspired by Matthias Vogelgesang's beautiful Metropolis theme.

This theme uses the Fira Sans font by Mozilla, the Font Awesome 5 icons, and the Academicons.

Colors are taken from the Solarized palette.

Text can be ***alerted***, **bold**, or *emphaiszed*.

Presentations using this theme must be compiled with LuaLaTeX.

Beamer blocks[1]

Block

This is the look of a normal beamer block.

Alert!

This is an alerted block.

Example

This is how an example block looks like with this theme.

[1]There are also predefined math block environments: *definition*, *example*, *theorem*, *proof*, *corollary*, *lemma*, *fact*, *proposition*, and .

Lists

We have lists, with numbers or symbols, and three indentation levels.

1. Carrots.
    a. Orange.
        i. Long.
        ii. Short.
    b. Purple.
2. Onions.
3. Lettuce.

- Carrots.
    ◦ Orange.
        - Long.
        - Short.
    ◦ Purple.
- Onions.
- Lettuce.

Citations

Citations like D. E. Knuth 1973 contain links to the reference list. Click on it!

You can also credit theorems with citations.

Theorem (Einstein 1905)

This theorem was proved by Einstein. Click on the red citation too!
